## ROSÉ OF PINOT NOIR

*The classic elegance of a Pinot Noir varietal is immediately apparent in this Rosé. Light and velvety soft, yet distinctively flavorful, this Rosé of Pinot Noir stands on a par with the finest white varietal wines. It is intended to be served as an aperitif, but is also an especially pleasing accompaniment to seafoods or ham. Serve chilled.*

*The wines of The Monterey Vineyard are characterized by a unique freshness and fruitiness, and a varietal intensity found only in grapes grown in cooler climates. Their emphatic natural character is captured by the vines reaching deep into the crumbled granite slopes of Upper Monterey County. Warm sunshine and cool breezes from Monterey Bay do the rest.*
